ASK ELECTROLIERS FOR 14TH STREET

120,000,008 gallons.

Calculations are based on results obtained in refineries whose general methods are more efficient than those employed in hundreds of smaller skimming plants that have no recovery system.

This is especially true, said Mr.

outpointing old Bat Levinsky when Levinsky had gone 'way back, and Greb's record is much stronger, including victories over good, real heavyweights.

Before Tunney Levinsky the battler had been beaten by Georges.

There is still the third set who an approaching cleek.

He should learn on this stroke to keep his body still, not to keep h

Short-Game Stuff.

A few weeks ago, in a certain tournament down South, I took my position just off a certain green that called for a drive and a fairly good iron.

He should never under any con-leager. A 6 2 9 of the short swing.

If he is going to play the pitch and run he should get his line and the pitch to a certain spot, as close as possible, where he thinks the run will carry him close to the good iron.

He should never under any con-leager. A 6 2 9 of the short swing.

If he is going to play the pitch and run he should get his line and run he s

four.

But this rarely happened. It was almost pitiful to count the

When a golfer starts out to improve his game there is always on the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course of the manual fournament for members of the press over the course over the course of the press over the course of the press over the course over the course of the press over the course of the pr

position just off a certain green that called for a drive and a fairly good iron.

I stayed there most of the morning. The field was composed of average golfers, without any particular stars.

Some one would get away with a good average drive and then put his approach shot within fifteen or twenty yards of the green. He was now in position where a well played chip shot and a good putt would still give him a par four.

But this rarely happened. It was almost pitiful to count the

streng. He fought with the Marines in France, and is the only one of the heavy and light heavy crop produced by the A. E. F. to rise to the top in the fight business.

Greb sets a furious pace and flings millions of gloves from hitherto undiscovered angles, but he is known as a light puncher. Nevertheless, Greb flopped Charlie Weinert for the count of nine in the first round here last fall, and recently knocked out Al Roberts, a pretty tough campaigner of wide experience.

The winner is very likely to get a fight with Carpentier if the Frenchman is to fight again in America, where the big purses are astrong tempetation.

But this farely happened, lt count the number of strokes wasted here. One man would come along give and the long approach off the green and the long approach putt are two of the most useful things in golf to practice. One must have a certain amount of confidence in playing them, or he is lost. One must have made up his mind what too far and either go away over the green or dub the stroke, attempting to check it on the down swing.

Around that green I saw more shots wasted than I would have believed possible.

The winner is very likely to get a fight with Carpentier if the green of the properties of the green of the green of the green. Then he would swing back too far and either go away over the judying them, or he is lost. One must have made up his mind what too far and either go away over the judying them, or he is lost. This stroke is more mental than physical. It calls for poise, for a cool grip upon the nerves. It must always be played firmly, never flabilly. Keep the feet well planted, the hands well down, the grip upon the lower part of the was the way most of them failed to green in the long approach off the green. Then he would swing back too far and either go away over the judying them, or he is lost. This stroke is more mental than physical. It calls for poise, for a cool grip upon the herves. It met long approach of the long approach of the long approach of the long approach of the l to get the right line. They were teither way to the right of the hole or way to the left. And some were thirty feet short and others were thirty feet over.

In almost every case on these CHURCHILL DOWNS, Ky.. May 22.—Today's racing card was none too classy, but close contests were too fast, but close contests were too fast, condense the right line and then came back evenly and steadily the right see the right line. I know a first the order of the afternoon. the order of the afternoon.

The chief attraction was the Foundain Ferry Purse for 3-year-olds and up. at 7½ furiongs—this being the first race to be run over that distance in several years at this course. High Cloud led the entire distance and won by a scant head from Dr. Clark, the favorite, which was rapidly closing and would have won in the content of the afternoon.

distance to hit the ball firmly with the right club. Score pretty well because they have amy several if they had number of poor golfers who still score pretty well because they have any particular spot to pitch to, allowing for the run.
